1 Executive Summary & Objectives

ALRAJJ LEGACY Fortified Business Corp. is transitioning from manual spreadsheets to an enterprise-grade, cloud-synchronized ERP ecosystem. This platform unifies biometric timekeeping, automated DOLE compliance, 1-click BPI BizLink payroll, POS client CRM, Lay Bare franchisor procurement (MyTime), and complete multi-branch financial accounting (P&L, Balance Sheet, BIR tax filing) into one secure software suite.

2 Scope of Deliverables & Core Modules

MODULE	KEY OPERATIONAL CAPABILITIES
1. Biometric Ingestion & HRMS	Direct offline NGTeco Excel (.xls/.xlsx) parsing, automatic cross-midnight shift pairing, 1-click supervisor punch override audit log, and automated DOLE-compliant Notice to Explain (NTE) drafting.
2. 1-Click Biometric Payroll & BPI BizLink	Semi-monthly salary computation with exact Philippine statutory deductions (SSS, PhilHealth, Pag-IBIG, BIR 1601-C), 5-stage disbursement approval bar, BPI BizLink Batch CSV export, and official branded printable payslips.

MODULE	KEY OPERATIONAL CAPABILITIES
3. Salon CRM & POS Service Tickets	Live walk-in/VIP client database, instant POS service ticket ring-up (Cash, GCash QR, Maya QR), automatic 10% technician commission crediting, and SMS booking reminders.
4. 5-Step PO Pipeline & MyTime Sync	Store requisition drafting, Lay Bare Franchisor / MyTime Commissary order formatting, management authorization, store delivery receiving & inspection, and automated 3-way matching (PO ↔ DR ↔ Invoice).
5. Enterprise Accounting & BIR Tax Hub	Multi-branch P&L (Income Statement) with COGS, Philippine GAAP Balance Sheet, Daily POS cash drawer balancing (anti-shrinkage audit), Accounts Payable vouchers with 1-click BPI pay, and BIR tax compliance (1601-C, 2550Q, 0619-E).

3 Multi-Branch Scalability, Google Workspace Domain & Iligan Expansion

 **Corporate Domain Integration:** The ERP platform will be deployed under ALRAJJ LEGACY's official Google Workspace corporate domain (erp.alrajlegacy-fortifiedbusinesscorp.com), complete with enterprise SSL/TLS security encryption at zero additional setup fee.

 **Zero-Cost Branch Expansion:** SETHCON guarantees that upon the commercial launch of the upcoming **Iligan City Branch**, the branch will be integrated into the multi-branch dashboard, P&L reporting, and biometric payroll at **ZERO additional software core license fees**.

4 Financial Investment & Milestone Payments

The total one-time implementation, customization, and perpetual software license fee for the entire 5-module ERP ecosystem across all branches is **₱150,000.00 PHP**.
